

HURRICANE IRMA: DATA TRENDS

AS OF SEPTEMBER 14, 2017

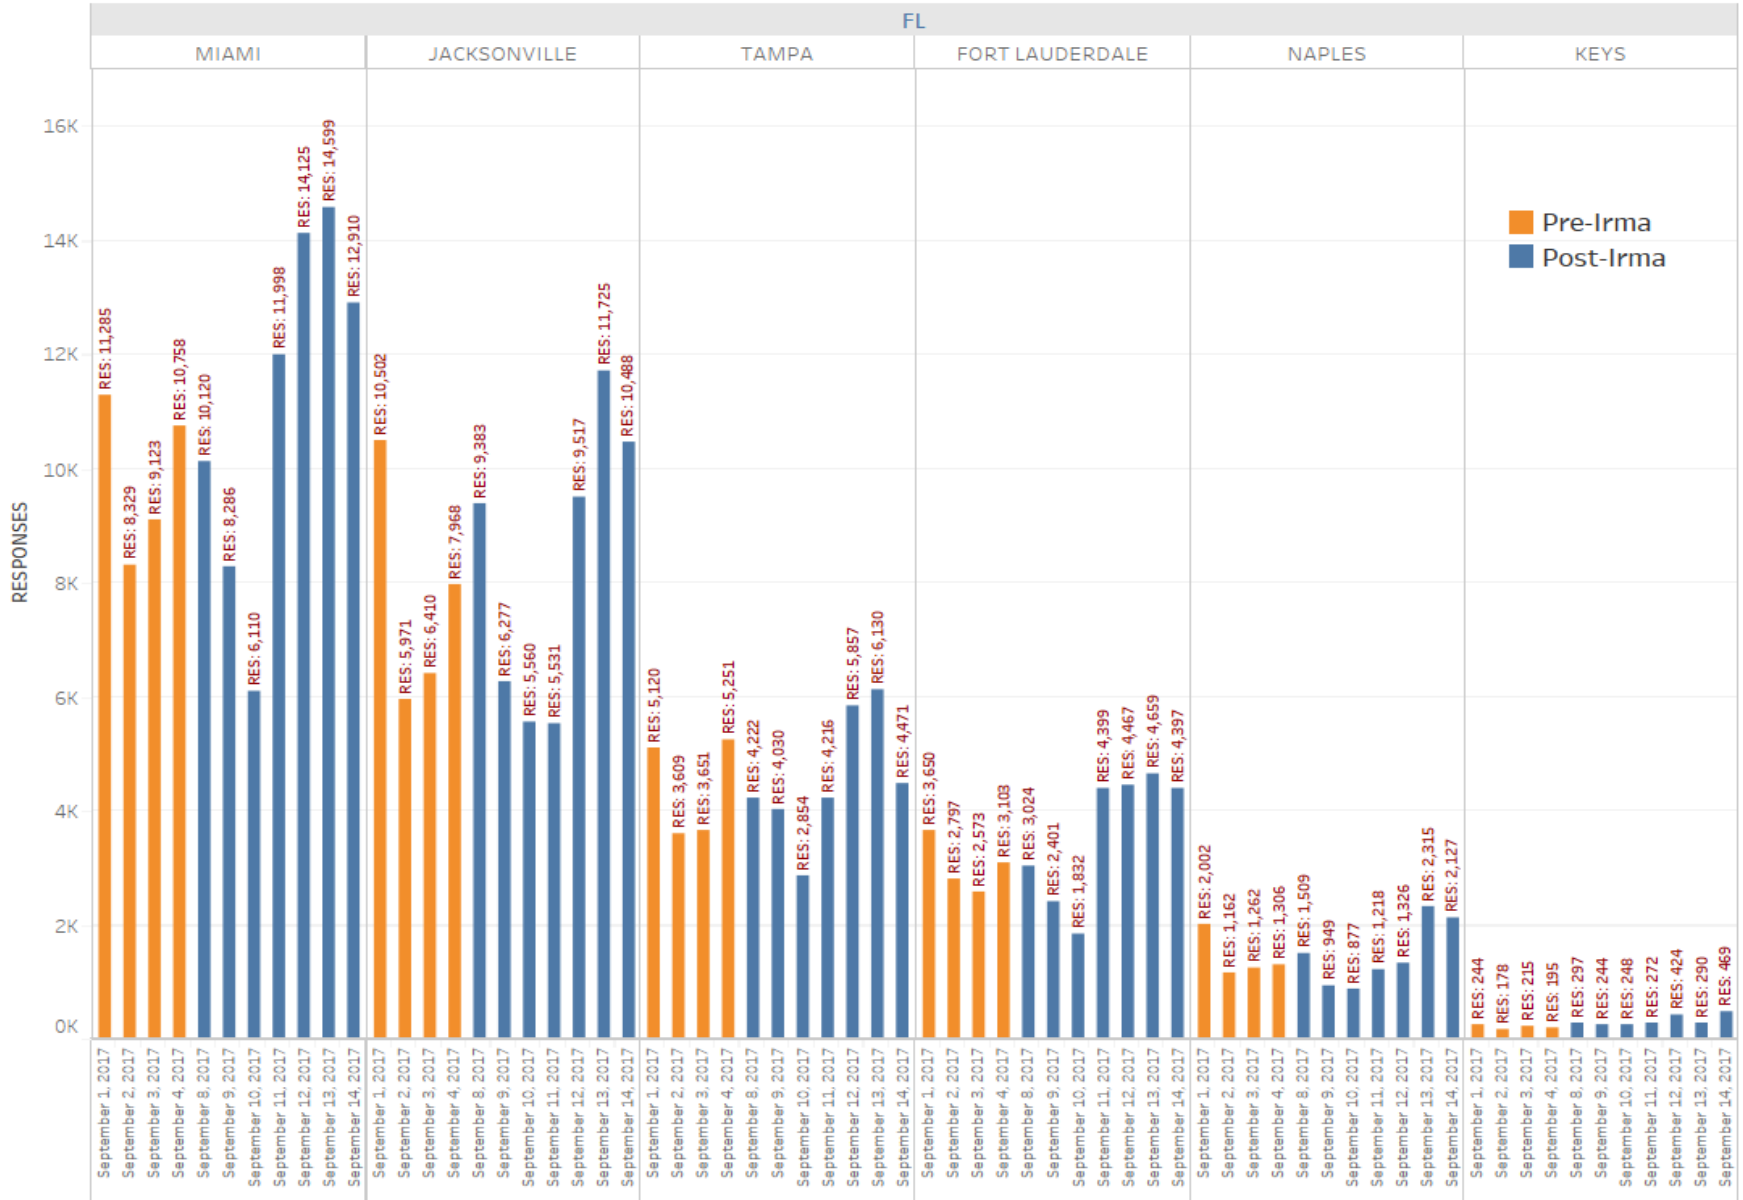

KEY FINDINGS

- Medication History Ambulatory activity is returning at a steady pace. There has been increased volume in Jacksonville and Tampa.
- Medication History for Reconciliation activity has returned, and increased, in all affected areas.
- There was a significant drop in electronic prescription volume across all cities, and volume is returning gradually in affected areas. Miami and the Keys remain relatively low (as of September 13).

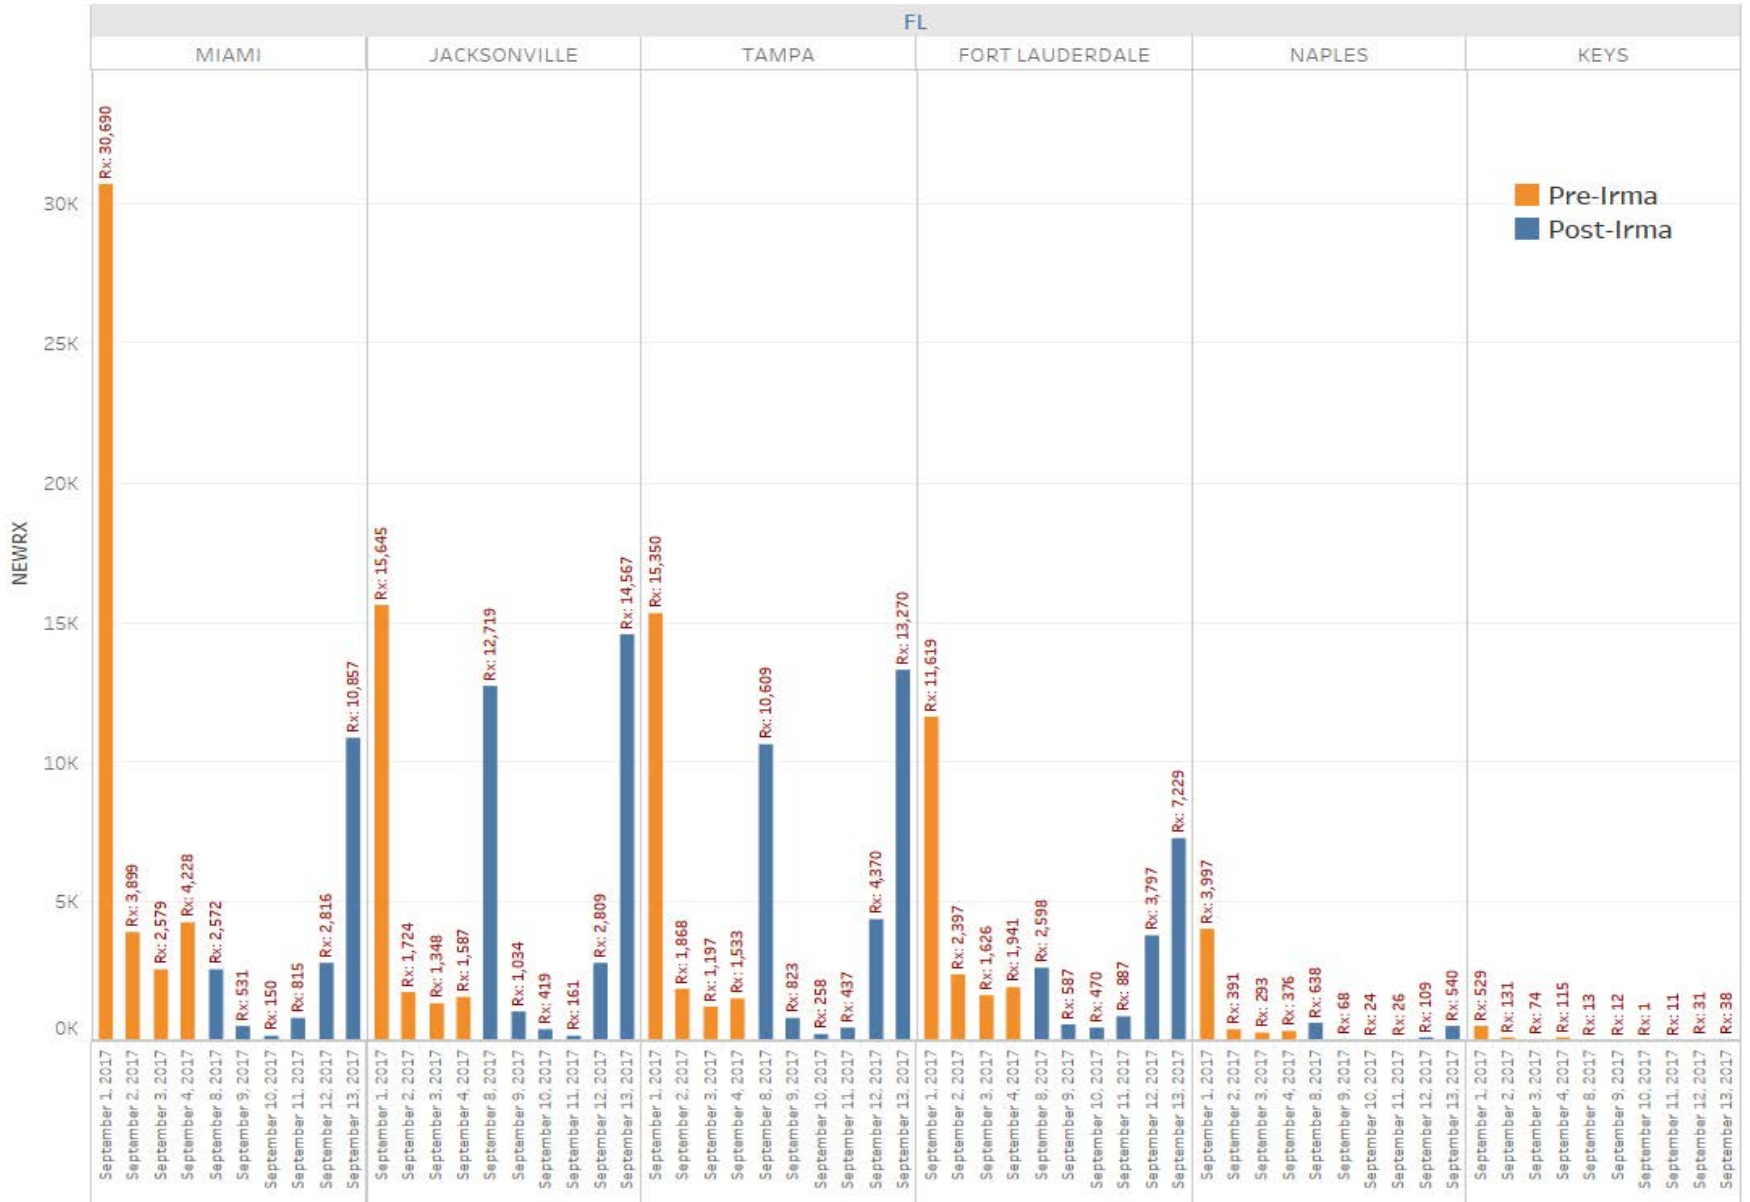

Medication History Ambulatory

Medication History Acute
