

**ONC Market Transparency Public Disclosure  
Surescripts Clinical Direct Messaging 2017  
ONC 2015 Edition Certification – 170.315(h)(2) HISP Certification**

Surescripts Clinical Direct Messaging (CDM) has been certified as a 2015 Edition Certified Module that supports Direct Project, Edge Protocol, and XDR-XDM as tested through the 170.315(h)(2) certification requirement. As part of that certification, Surescripts also completed the additional required criteria for 170.315(d)(1), 170.315(d)(2), 170.315(d)(3) using of Microsoft Excel 2013 as additional relied upon software, 170.315(g)(4), and 170.315(g)(5).

*Certification Number:* IG-3256-17-0011

*Certification Date:* Nov 9, 2017

**DISCLOSURES**

This Health IT Module is 2015 Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.

**COSTS:** Licensing of CDM services may include a one-time integration, per transaction, per provider, per bed, and/or fixed fees based on the agreement produced in the purchasing process. Additional fees may apply based on unique features, configurations, and/or connectivity that are defined in the agreement produced in the purchasing process.
